6. **Project related notes:** In respect of the following projects / Special Purpose Vehicles (SPVs) of Gammon Infrastructure Projects Limited (the Company) there are legal issues, arbitration proceedings or negotiations with the Concession Grantor for which the Management is taking necessary steps to resolve the matters:

- a. Container terminal at Mumbai - The Project was delayed due to non-fulfilment of certain conditions by the Mumbai Port Trust (MbPT) under the License Agreement (LA) signed by the SPV with them. The Roll on Roll off (RORO) operations was allowed by MbPT as an interim measure for alternate use of the two berths for a mix of cargo of container, steel and RORO and is still continuing. However, the same is inadequate for repayment of principal and interest of the Lenders. The SPV has issued a Dispute Notice for the Licensor's Event of Default against MbPT and called upon the Licensor to refer the disputes for amicable settlement under the LA and the matter is pending with MbPT. A petition was filed by the SPV under section 9 and an application under section 11 of the Arbitration and Conciliation Act, 1996 was also filed where in Order dated 1st August 2019 is passed and interim protection by way of prayer is allowed for carrying ad-hoc RORO operations.

The SPV and the Client has nominated their arbitrators and the respective nominee arbitrators have jointly given their concurrence for appointment of the Presiding Arbitrator / Umpire arbitrator. And the Arbitral Tribunal (AT) is formed. The SPV has duly filed its Statement of Claim (SOC) against MBPT for an amount of Rs. 2,96,736 lacs on 8th November 2019. MbPT has filed their Statement of Defense (SOD) and Counter Claim of Rs 3,90,000 lacs. The last hearing was scheduled on 30th January 2020 where the Ld. Arbitral Tribunal communicated fresh dates for hearing, however, the hearing could not be convened due to lockdown on account of COVID-19. The Tribunal has directed both the parties to complete pleadings as expeditiously as possible and advised that draft issues may be exchanged and forwarded to the Tribunal directly. The Tribunal will issue further procedural directions in due course in consultation and concurrence with all concerned.

GAMMON INFRASTRUCTURE PROJECTS LIMITED

The SPV's submission of a One-Time Settlement (OTS) proposal to the consortium of Lenders', and the decision on acceptance, which is dependent upon fulfilment of certain conditions, are yet to be concluded.

There exists material uncertainty relating to the revival of the Project in favour of the SPV. The Auditors of the SPV have highlighted material uncertainty regarding going concern issue in their report for the year ended March 31st, 2020 and have qualified their report relating to their inability to opine on impairment pending the settlement of the outstanding dispute. The Management has resumed discussions on revival of the Project with MbPT and MoS and is hopeful of finding an amicable resolution. The exposure of the Group in the SPV is 65,744.14 lacs (funded and non-funded).

- b. One of the SPV of the Company had signed a Concession Agreement (CA) for 30 years for upgradation of existing highway to four-lane with Madhya Pradesh Road Development Corporation Limited (MPRDC) The Project was scheduled to commence commercial operations from 19th September 2015. However, delays on account of MPRDC in providing the required clearances and the Right of Way (ROW), has resulted in the extension of the Commercial Operations Date (COD). These delays have also resulted in increase in project cost, primarily due to increase in interest during construction period resulting from the time overruns

In view of the discussions with MPRDC regarding extension of COD, the SPV had submitted a restructuring proposal to the Lenders. The SPV had received the revised sanctions for senior debt from the Lenders and the documentation for the same has been executed. However, the SPV has not been able to meet its debt service obligations and the debt has been classified as 'Non-Performing Asset' (NPA) as on September 30, 2019. One of the members of the Consortium lenders has issued a notice dated October 22, 2019 under SARFAESI Act and has requested the SPV to discharge entire liability within 60 days from the date of the notice. The Lead Bank has also issued notice dated October 15, 2019 for invocation for Corporate Guarantee issued by the Company due to financial default by the SPV. The SPV and the Company have filed its response dated November 11, 2019 to the said notices issued by the Lead Bank.

In the meeting held on 6th November 2019, the Hon'ble Minister of Road Transport and Highways has convened the meeting with MPRDC, the Consortium of Lenders and the SPV to discuss the Comprehensive Resolution Plan (CRP) submitted by the SPV for revival of the project. Based on the meeting held with the Minister the concerned parties have conducted several rounds of meeting to address the issues and discuss the steps to be taken for revival of the Project The CRP is under consideration of the aforesaid parties and the approval process is currently underway and is delayed on account of total lockdown announced by the Government due to pandemic.

However, pending resolution the company has received notice for issue of intention to terminate the project vide letter dated July 17, 2020 from MPRDC. The Company is exploring options to restart the project and achieve COD. There are Material Uncertainties in its ability to restart the project and achieve COD and consequently continue as going concern. The exposure of the Group in the SPV is Rs 1,03,675.87 lacs (funded and non-funded). The Auditors of the SPV have highlighted material uncertainty regarding going concern issue in their report for the year ended March 31st, 2020 and have qualified their report relating to their inability to opine on impairment pending the settlement of the outstanding dispute.

- c. Bridge project at Cochin - the Greater Cochin Development Authority (GCDA) has sought to end the toll collection by unilaterally sealing the toll booth. Cochin Bridge Infrastructure Company Limited (SPV) has initiated arbitration / settlement process. The SPV has also in parallel filed a writ in the matter before the Hon'ble Kerala High Court for specific performance. However, the Government of Kerala approached the Hon'ble High Court for further extension of time and the Court granted extension to settle the matter, subsequent to which the SPV has filed amended plaint. The said SPV pursuant to the Court proceedings filed a fresh writ for recovery of dues.

Matter was last listed on 10th July 2019 wherein it was argued and after considering the points of arguments, the Hon'ble High Court passed the orders that the writs petition stands dismissed with reserving the liberty to seek appropriate resolution before the Arbitral Tribunal. The SPV is the process of re-constituting the Arbitral Tribunal and has intimated GCDA vide its letter dated 3rd January 2020 for revival of the Arbitration proceedings. GCDA response is awaited for the same.

- d. Hydro power project at Himachal Pradesh - the Project is stalled due to local agitation relating to environment issues. The SPV has received letter from GoHP, to discuss the matter mutually towards amicable resolution. After the SPV invoked arbitration on 19th February 2018, the SPV has received a letter from GoHP dated 4th September 2018 intimating that their office has begun the process for finalisation of the panel of Arbitrators and the nomination in this regard shall be intimated to the SPV shortly. The SPV has appointed its arbitrator in the matter and has also reminded GoHP to nominate its arbitrator, since there was no action from GoHP on the matter the SPV has moved the High Court under section 11 of the Arbitration and Conciliation Act. The Management is hopeful of an early settlement in the matter and is confident of recovering the amount of exposure. The exposure of the Group in the SPV is Rs. 6,784.37 lacs.
- e. The Company has incorporated a SPV for developing Rangit-II Hydroelectric Power Project in Sikkim on Build, Own, Operate and Transfer (BOOT) basis. The Project involves the development of a 66 MW run-of-the-river Hydroelectric Power Project on Rimbi river, a tributary of river Rangit. The Concession period for the Project is 35 years from the date of COD. The Project cost is estimated to be Rs 496 crores. Though the Project has received all major clearances and approvals including environmental clearances from the Ministry of Environment & Forests (MoEF) and all major contracts for the Project have been awarded, Power Purchase Agreement (PPA) is yet to be signed. The SPVs is exploring the possibility of signing the PPA with certain State Electricity Boards where there is shortage of power supply given the demand and are keen on purchase of power in the near future. The SPV is hopeful that PPA would be signed under the new policy which will also enable to achieve the financial closure for the Project. The project is presently in a state of limbo pending the signing of PPA and achieving financial closure. The exposure of the Group in the SPV is Rs. 10,821.40 lacs.

7. Material Uncertainty related to Going Concern

There is a continuing mismatch of cash flows including the dues to the subsidiary which are due for repayment pursuant to negotiation by 31st March 2020. The current liabilities are in excess of current assets by Rs 238,919.24 lacs. The liquidity crunch is affecting the Group's operation with increasing severity. The credit facility of the Group's is also marked as NPA. Further various projects of the Group as stated in detail in Note 6 above are under stress and the outcome of the continuance of these

projects would be dependent upon favourable decision being received by the Management on the outstanding litigations. The resolutions planned by the management are pending since a long time and are not concluding in favor of the Group.

future of the project where the exposure of the Group in the SPV/project is Rs 65,744.14 lacs (funded and non-funded). The draft settlement agreement between the SPV, Ministry of Shipping (MoS), Mumbai Port Trust (MbPT) has been rejected by MbPT. The Company and the SPV are in discussion with MbPT and MoS to reconsider the project. The credit facility are marked as NPA by the lenders. - (b) Attention is invited to Note 6(b) of the Statement, relating to slow progress of work for one of the road project at Madhya Pradesh. These delays have resulted in increase in project cost resulting in cost overrun in the project. The Management believes that the traffic initially assessed would be the same and would cover the exposure consequent to the cost overrun. The Company has not carried out fresh traffic study to assess viability and possible impairment of the project. Further the credit facility of the SPV has been marked as NPA and recalled by the lender since the reporting date. Total exposure of the Group in the SPV/Project is Rs. 1,03,675.87 lacs. - (c) We invite attention to Note 6(e) of the Standalone Ind AS Financial Statements, relating to the Hydropower project in Sikkim. The exposure of the Group in the SPV is Rs. 10,821.40 lacs. Further there was no progress in the matter and no confirmation of the possibility of signing the PPA with state electricity board in the immediate future. The project is presently in a state of limbo pending the signing of PPA and achieving financial closure. We are therefore unable to comment whether any provision is required towards possible impairment towards the said exposure.
- (d) Attention is invited to Note 5(a) of the Statement in respect of PHPL where the CIRP proceedings have been initiated. On account of the valuation exercise by the IRP not being carried out to determine the amount to be paid to creditors and the surplus to the equity holder, no impairment has been made in respect of the Company's exposure. The Company has also not separately assessed the impairment due to

reasons mentioned in the note. In the absence of the conclusion of the CIRP proceedings to assess the surplus to equity shareholders and the Company also not being able to assess the same, we are unable to ascertain the quantum of possible impairment towards the exposure of Rs. 21291.22 lacs.

(e) Attention is invited to Note 5(b) of the Statement in respect of RGBL where the CIRP proceedings have been initiated. The Consolidation has been discontinued from quarter ending March 2020. The results of this subsidiary upto the date of loss of control has been consolidated based on unaudited management account certified by previous management and have been accounted as such and on which no further audit procedures have been carried out by us, including to determine whether the INDAS effects have been appropriately considered. Further in case of PHPL the results for the quarter ended December 2019 were not available at the time of preparation of consolidated financial results upto December 2019. These results have since been made available and they have been included in the full year ended March 2020. No restatement has been done of the previous quarters. The said management prepared financial statements included assets of Rs. 2,36,516.32 lacs, Revenue of Rs. 12,470.97 lacs and net cash outflow of Rs. 857.31 lacs. Material Uncertainty related to Going Concern

We invite attention to Note 7 of the Statement relating to material uncertainty relating to going concern. The Group's current liabilities exceeded current assets significantly and are at Rs. 238,919.24 lacs. There is a continuing mismatch including defaults in payment of its financial obligations to its lenders. The liquidity crunch is affecting the Group's operation with increasing severity. We also invite attention to note 6 of the Statement wherein status of various SPV projects which are stressed due to delay in completion, cost overrun, liquidity crunch and have legal issues, arbitration proceedings or negotiations. The future of these projects as also the successful progress and completion depends on favourable decisions on outstanding litigations being received by the Management. The resolutions planned by the Management are pending since a long time and are not concluding in favour of the Company. We also invite attention to note no. 5 regarding two material subsidiaries where parent has lost control and wherein IRP has been appointed by NCLT. These conditions indicate the existence of Material Uncertainty which may impact the Group's ability to continue as a going concern. Our report is not qualified on this matter.

Emphasis of Matter

Without qualifying our opinion, we draw attention to the following matters;

- a) We invite attention to Note 6(c) of the Statement, regarding unilateral termination and closure of Concessions in a bridge project, which is subject to pending litigations/arbitrations at various forums, which may impact the carrying values of investments and loans and advances given to the subsidiary. Pending conclusion on these legal matters, no adjustments have been made in the financial statements.
- b) We invite attention to Note 6(d) of the Statement, in relation to intention to exit one of the hydro power projects at Himachal Pradesh and seeking a claim of an amount against the amount spent on the project. The Company's subsidiary has cited reasons for non-continuance on account of reasons beyond its control. The subsidiary is negotiating with its client for an amicable settlement on beneficial terms and has also invoked arbitration. The SPV has received a letter from GoHP dated September 4, 2018 intimating that their office has begun the process for finalisation of the panel of Arbitrators and the nomination in this regard shall be intimated to the SPV shortly. The Group's exposure towards the said project includes investment and loans and advances of Rs. 6,784.37 lacs. Pending conclusion between the parties, no

adjustments have been made in the financial statements.

Auditor's Responsibilities for the Audit of the Consolidated Financial Results

Our objectives are to obtain reasonable assurance about whether the consolidated financial results as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial results.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group, its joint venture and associates ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group, its joint venture and associates to cease to continue as a going concern.

5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation

For the entities included in the statement which have been audited by other auditor, such auditors remain responsible for the direction, supervision and performance of the audits carried out by them, We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial results that, individually or in aggregate, make it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial results

We communicate with those charged with governance of the holding company and such other entities included in the consolidated financial results of which we are independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

2.	<p>Details of Audit Qualification: Attention is invited to Note 6(b) of the Statement, relating to slow progress of work for one of the road project at Madhya Pradesh. These delays have resulted in increase in project cost resulting in cost overrun in the project. The Management believes that the traffic initially assessed would be the same and would cover the exposure consequent to the cost overrun. The Company has not carried out fresh traffic study to assess viability and possible impairment of the project. Further the credit facility of the SPV has been marked as NPA and recalled by the lender since the reporting date. Total exposure of the Group in the SPV/Project is Rs. 1,03,675.87 lacs. The company has received final notice for intention to terminate the project vide letter dated July 17, 2020 from MPRDC. In view of the status of the project detailed in note 6(b) there exists material uncertainty related to the future of the project resulting in possible impairment towards the exposure in the project. Such impairment has not been determined in view of the facts detailed in note 6(b) of the statement and therefore we are unable to comment on possible impairment.</p>

Though there are material uncertainties in its ability to restart the project and achieve COD but the Management believes there will be amicable solution and no adverse impact is expected on SPV. 	<p>If management is unable to estimate the impact, reasons for the same: Not Applicable</p>
	<p>Auditors' Comments on (i) or (ii) above: In view of the status of the project detailed in note 6(b) there exists material uncertainty related to the future of the project resulting in possible impairment towards the exposure in the project. The exposure of the Group in the SPV is Rs. 10,821.40 lacs. As detailed in the note there are various factors affecting the progress of the project and power purchase agreement (PPA) is yet to be signed. Further there was no progress in the matter and no confirmation of the possibility of signing the PPA with state electricity board. During the year, in respect of 2 (two) of its subsidiary companies Corporate Insolvency Resolution Proceedings (CIRP) were initiated by financial creditors of the respective subsidiaries by filing a petition before the Hon'ble National Company Law Tribunal (NCLT). The NCLT admitted the petition and accordingly the Boards of the respective subsidiaries were superseded and Interim Resolution Professional were appointed. Accordingly, the Company namely; Gammon Infrastructure Projects Limited (GIPL) lost control over these subsidiaries. The subsidiaries are
 - a. Patna Highway Projects Limited (PHPL):- One of the Lender i.e. Corporation Bank has filed an application under the provisions of Insolvency and Bankruptcy Code, 2016 (IBC) to NCLT which has been admitted and an Interim Resolution Professional (IRP) has been appointed on 7th January 2020. The net exposure of the Company is Rs. 21,291.22 lacs. In absence of any valuation exercise conducted by the IRP for the determination of surplus available to Equity holders after settlement of the creditors dues, it has not been possible to assess the extent of impairment required in the books of accounts. The corporate guarantee provided by the Company are continued to be shown as contingent liabilities. The pending litigation and issues of PHPL will be pursued by the IRP with any assistance required being provided by the Company management and hence are not being reproduced here.

The pending litigation and issues of RGBL will be pursued by the IRP with any assistance required being provided by the Company management.
4. **Project related notes:** In respect of the following projects / Special Purpose Vehicles (SPVs) of Gammon Infrastructure Projects Limited (the Company) there are legal issues, arbitration proceedings or negotiations with the Concession Grantor for which the Management is taking necessary steps to resolve the matters:
 - a. Container Terminal at Mumbai:- The Project was delayed due to non-fulfilment of certain conditions by the Mumbai Port Trust (MBPT) under the License Agreement (LA) signed by the SPV

with them. The RollOn-Roll-Off (RORO) operations was allowed by MbPT as an interim measure for alternate use of the 2 (two) berths for a mix of cargo of container, steel and RORO and is still continuing. However, the same is inadequate for repayment of principal and interest of the Lenders. The SPV has issued a Dispute Notice for the Licensor's Event of Default against MbPT and called upon the Licensor to refer the disputes for amicable settlement under the LA and the matter is pending with MbPT. A petition was filed by the SPV under section 9 and an application under section 11 of the Arbitration and Conciliation Act, 1996 was also filed where in Order dated 1st August 2019 is passed and interim protection by way of prayer is allowed for carrying ad-hoc RORO operations.

The SPV and the Client has nominated their arbitrators and the respective nominee arbitrators have jointly appointed the Presiding Arbitrator / Umpire arbitrator and the Arbitral Tribunal (AT) is formed. The SPV has duly filed its Statement of Claim (SOC) against MbPT for an amount of Rs. 296,736 lacs on 8th November 2019. MbPT has filed their Statement of Defense (SOD) and Counter Claim of Rs 390,000 lacs. The last hearing was scheduled on 30th January 2020 where the Ld. Arbitral Tribunal communicated fresh dates for hearing, however, the hearing could not be convened due to lockdown on account of COVID-19. The Tribunal has directed both the parties to complete pleadings as expeditiously as possible and advised that draft issues may be exchanged and forwarded to the Tribunal directly. The Tribunal will issue further procedural directions in due course in consultation and concurrence with all concerned.

The SPV's submission of a One-Time Settlement (OTS) proposal to the consortium of Lenders', and the decision on acceptance, which is dependent upon fulfilment of certain conditions, are yet to be concluded.

There exists material uncertainty relating to the revival of the Project in favour of the SPV. The Auditors of the SPV have highlighted material uncertainty regarding going concern issue in their report for the year ended 31st March 2020 and have qualified their report relating to their inability to opine on impairment pending the settlement of the outstanding dispute. The Management has resumed discussions on revival of the Project with MbPT and MoS and is hopeful of finding an amicable resolution. The exposure of the Company in the SPV is 13,448.33 lacs (funded and non-funded).

- b. One of the SPV of the Company had signed a Concession Agreement (CA) for 30 years for upgradation of existing highway to four-lane with Madhya Pradesh Road Development Corporation Limited (MPRDC) The Project was scheduled to commence commercial operations from 19th September 2015. However, delays on account of MPRDC in providing the required clearances and the Right of Way (ROW), has resulted in the extension of the Commercial Operations Date (COD). These delays have also resulted in increase in project cost, primarily due to increase in interest during construction period resulting from the time overruns

In view of the discussions with MPRDC regarding extension of COD, the SPV had submitted a restructuring proposal to the Lenders. The SPV had received the revised sanctions for senior debt from the Lenders and the documentation for the same has been executed. However, the SPV has not been able to meet its debt service obligations and the debt has been classified as 'Non-Performing Asset' (NPA) as on September 30, 2019. One of the members of the Consortium lenders has issued a notice dated October 22, 2019 under SARFAESI Act and has requested the SPV to discharge entire liability within 60 days from the date of the notice. The Lead Bank has also issued

notice dated October 15, 2019 for invocation for Corporate Guarantee issued by the Company due to financial default by the SPV. The SPV and the Company have filed its response dated November 11, 2019 to the said notices issued by the Lead Bank.

In the meeting held on 6th November 2019, the Hon'ble Minister of Road Transport and Highways has convened the meeting with MPRDC, the Consortium of Lenders and the SPV to discuss the Comprehensive Resolution Plan (CRP) submitted by the SPV for revival of the Project. Based on the meeting held with the Minister the concerned parties have conducted several rounds of meeting to address the issues and discuss the steps to be taken for revival of the Project. The CRP is under consideration of the aforesaid parties and the approval process is currently underway and is delayed on account of total lockdown announced by the Government due to pandemic.

The Auditors of the SPV have highlighted material uncertainty regarding going concern issue in their report for the year ended 31st March 2020 and have qualified their report relating to their inability to opine on impairment pending the settlement of the outstanding dispute.

- c. Bridge project at Cochin:- the Greater Cochin Development Authority (GCDA) has sought to end the toll collection by unilaterally sealing the toll booth. Cochin Bridge Infrastructure Company Limited (SPV) has initiated arbitration / settlement process. The SPV has also in parallel filed a writ in the matter before the Hon'ble Kerala High Court for specific performance. However, the Government of Kerala approached the Hon'ble High Court for further extension of time and the Court granted extension to settle the matter, subsequent to which the SPV has filed amended plaint. The said SPV pursuant to the Court proceedings filed a fresh writ for recovery of dues.

Matter was last listed on 10th July 2019 wherein it was argued and after considering the points of arguments, the Hon'ble High Court passed the orders that the writs petition stands dismissed with reserving the liberty to seek appropriate resolution before the Arbitral Tribunal. The SPV is the process of re-constituting the Arbitral Tribunal and has intimated GCDA vide its letter dated 3rd January 2020 for revival of the Arbitration proceedings. GCDA response is awaited for the same. The exposure of the Company in the SPV is Rs 2,391.86 lacs (funded and non-funded).

The SPV has appointed its arbitrator in the matter and has also reminded GoHP to nominate its arbitrator, since there was no action from GoHP on the matter, the SPV has moved the High Court under section 11 of the Arbitration and Conciliation Act, 1996. The Management is hopeful of an early settlement in the matter and is confident of recovering the amount of exposure. The exposure of the Company in the SPV is Rs. 7,127.09 lacs.

a 66 MW run-of-the-river Hydroelectric Power Project on Rimbi river, a tributary of river Rangit. The Concession period for the Project is 35 years from the date of COD. The Project cost is estimated to be Rs 496 crores. Though the Project has received all major clearances and approvals including environmental clearances from the Ministry of Environment & Forests (MoEF) and all major contracts for the Project have been awarded, Power Purchase Agreement (PPA) is yet to be signed. The SPVs is exploring the possibility of signing the PPA with certain State Electricity Boards where there is shortage of power supply given the demand and are keen on purchase of power in the near future. The SPV is hopeful that PPA would be signed under the new policy which will also enable to achieve the financial closure for the Project. The Project is presently in a state of limbo pending the signing of PPA and achieving financial closure. The exposure of the Company in the SPV is Rs. 9,415.75 lacs.

5. Material Uncertainty related to Going Concern

There is a continuing mismatch of cash flows including the dues to the subsidiary which are due for repayment pursuant to negotiation by 31st March 2020. The current liabilities are in excess of current assets by Rs. 1,51,127.16 lacs. The liquidity crunch is affecting the Company's operation with increasing severity. The credit facility of the Company is also marked as NPA. Further, various projects of the Company as stated in detail in Note 4 above are under stress and the outcome of the continuance of these projects would be dependent upon favourable decision being received by the Management on the outstanding litigations. The resolutions planned by the Management are pending since a long time and are not concluding in favor of the Company.

The Management however is confident that the going concern assumption and the carrying values of the assets and liabilities in these Standalone Financial Statements are appropriate. Accordingly, the financial statements do not include any adjustments that may result from these uncertainties.

In view of the above and other details in Note 4 there are material uncertainties which cast significant doubt on the ability of the Company to continue as a going concern.

6. Other Financial Assets includes Rs 1,514.01 lacs due from Western Coalfields Limited (WCL) on account of wrongful encashment of bank guarantee against which the Company has filed a suit for Recovery of damages. Subsequent to the encashment, the Company has filed an application for converting earlier injunction application to suit for recovery of damages. The Company has sought a legal opinion in this matter and has been advised that it has a good case for recovery of the amount. The Management is hopeful of getting favourable decision on the matter and recovery of damages based on legal advice on the matter. Pending the outcome, the Company has shown bank guarantee encashment amount as receivable from WCL.

presentation of these standalone financial results that give a true and fair view of the net loss and other comprehensive income and other financial information of the Company in accordance with the recognition and measurement principles laid down in Ind AS prescribed under section 133 of the Act read with relevant rules thereunder and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. In preparing the standalone financial results, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Standalone Financial Results

Our objectives are to obtain reasonable assurance about whether the standalone financial results as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial results.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also

1. Identify and assess the risks of material misstatement of the standalone financial

results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the standalone financial results, including the disclosures, and whether the standalone financial results represent the underlying transactions and events in a manner that achieves fair presentation

Materiality is the magnitude of misstatements in the standalone financial results that, individually or in aggregate, make it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial results.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any
