

## **Review Report on Interim Consolidated Condensed Financial Statements**

**The Board of Directors**

**Gammon Infrastructure Projects Limited**

### **Introduction**

1. We have reviewed the accompanying interim consolidated condensed financial statements of Gammon Infrastructure Projects Limited ("the Company") and its subsidiaries, joint ventures and associates collectively the "Group", which comprise the interim consolidated condensed Balance Sheet as at June 30, 2014, and the interim consolidated condensed Statement of Profit and Loss and interim consolidated condensed Cash Flow Statement for the six-month period then ended, and a summary of significant accounting policies and other explanatory information, together referred to as "Consolidated Statements". These Consolidated Statements are the responsibility of the Company's Management and has been approved by the Board of Directors. Our responsibility is to express a conclusion on this Consolidated Statements based on our review.
2. The accompanying Consolidated Statements have been prepared by the Company in accordance with the requirements of Accounting Standard (AS) 25 notified under the Companies Act, 1956 read with General Circular 8/2014 dated 4 April 2014 issued by the Ministry of Corporate Affairs ("the Act").

### **Scope of Review**

3. We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410, 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity' issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### **Basis for Qualified Conclusion**

4. *As detailed in Note 6(f) to the Consolidated Statements, one of the subsidiaries of the Company had issued a notice of intention to terminate the Concession Agreement with National Highways Authority of India ('NHAI') on mutual terms. The Company and NHAI are evaluating various alternatives for the project. The Group's exposure to this project includes project expenses of Rs. 693,560,891 and guarantees of Rs. 564,600,000. As outcome of the matter is uncertain, we are unable to determine the recoverability of said amount and consequential impact on the Consolidated Statements.*

### **Qualified Conclusion**

5. Based on our review conducted as per paragraph 2 and 3 above, on consideration of reports of other auditors and management certifications on the unaudited separate condensed financial statements of the components as per paragraph 7 and 8, and *except for the possible effects of matters described in 'Basis for Qualified Conclusion' above*, nothing has come to our attention that causes us to believe that the accompanying Consolidated Statements have not been prepared in accordance with recognition and measurement principles laid down in Accounting Standard 25 "Interim Financial Reporting", (notified under the Companies Act, 1956 read with General Circular 8/2014 dated 4 April 2014 issued by the Ministry of Corporate Affairs) and other recognised accounting practices and policies.

### **Emphasis of Matter**

6. Without qualifying our report, we draw attention to the following matters:
- a. The Group has incurred a consolidated net loss after tax of Rs. 611,578,270 for the six month period ended June 30, 2014 and as of that date the Group's current liabilities exceeded current assets by Rs. 6,697,582,808. These conditions, along with other matters as set forth in Note 6(e) of the Consolidated Statements, indicate the existence of an uncertainty as to timing and realisation of cash flow. This matter was also referred in our report on the Consolidated Financial Statements of the Group for the period ended December 31, 2013.
  - b. We invite attention to Note 6(d) and Note 6(g) of the Consolidated Statements, regarding unilateral termination and closure of Concessions for two projects, which are subject to pending litigations/arbitrations at various forums which may impact the carrying values of investments made in the projects. The Group's exposure on these projects includes unamortised project cost and trade receivables of Rs. 318,703,173 and corporate guarantees and bid securities of Rs. 121,250,000. Pending conclusion on these legal matters, no adjustments have been made in the Consolidated Statements.
  - c. We invite attention to Note 6(h) of the Consolidated Statements, in relation to intention to exit one of the hydro power projects at Himachal Pradesh and seeking a claim of an amount against the amount spent on the project. The Company's subsidiary has cited reasons for non-continuance on account of reasons beyond its control. The subsidiary is negotiating with its client for an amicable settlement on beneficial terms. The Group's exposure on this project includes project expenses and unbilled receivables of Rs. 672,265,638. Pending conclusion between the parties, no adjustments have been made in the Consolidated Statements.

### **Other Matters**

7. We did not review the financial information of certain subsidiaries whose financial information reflect total assets of Rs. 15,843,294,639 as at June 30, 2014, total income of Rs. 671,692,117 and cash out flows of Rs. 101,064,824 for the six month ended period ended June 30, 2014 and certain associates, in which the Company's share in the profit of such associates being Rs. 184,250 for the six month period ended June 30, 2014, in so far as it relates to the amounts included in respect of these subsidiaries and associates are based solely on the reports of other auditors.

**Chartered Accountants**  
14<sup>th</sup> Floor, The Ruby  
29 Senapati Bapat Marg  
Mumbai 400 028

8. In respect of certain joint ventures whose financial information reflect total assets of Rs. 1,404,305 as at June 30, 2014 and total income of Rs. Nil for the period then ended, in which the Company's share of such assets and income being Rs. 190,064 and Rs. Nil respectively and associates in which the Company's share in the loss of such associates being Rs. 19,954 for the six month period ended June 30, 2014, and in so far as it relates to the amounts included in respect of these joint ventures and associates is based solely on unaudited financial information as certified by the respective managements of the said entities.
9. The Management has presented comparable six month period for the interim consolidated condensed statement of profit and loss in the manner detailed in Note 10 of the Consolidated Statements, which are not subjected to any review by us.
10. The consolidated condensed cash flow statement for the comparative six month period ended June 30, 2013 is not available and hence not disclosed. The management is of the view that it is not practicable to workout cash flows for the comparatives six months period, since the period falls in two different financial periods.
11. The Consolidated Statements have been prepared, and this report thereon, issued, solely for the purpose of the proposed offering of equity shares through a Qualified Institutional Placement. Accordingly, this report should not be used, referred to or distributed for any other purpose without our prior written consent.

## GAMMON INFRASTRUCTURE PROJECTS LIMITED

### EXPLANATORY NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE SIX MONTHS PERIOD ENDED JUNE 30, 2014

(All amounts in Indian Rupees unless otherwise stated)

#### 1 Background

Gammon Infrastructure Projects Limited a listed company and its subsidiaries, joint ventures and associates, are engaged in the development of various infrastructure projects under the Public Private Partnership ('PPP') model in sectors like transportation, energy and urban infrastructure through several special purpose vehicles ('SPVs'). Each project is governed by a separate concession agreement ('the Contract') signed between the client ('grantor') and the SPV. Majority of the projects secured are from the Government, (Central or State) or an organisation or body floated by the Government.

#### 2 Basis of preparation

The interim condensed consolidated financial statements have been prepared in accordance with the principles laid down in Accounting Standard 25 'Interim Financial Reporting', notified pursuant to the Companies (Accounting Standards) Rules, 2006, (as amended). These condensed financial statements comply with the recognition and measurement principles of accounting generally accepted in India including those specified under the Companies (Accounting Standards) Rules, 2006, (as amended). These condensed financial statements have been prepared under historical cost convention on an accrual basis. The accounting policies have been consistently applied by the Company and are consistent with those used while preparing the financial statements of and for the period ended December 31, 2013.

#### 3 There is no seasonality of operation.

#### 4 Principles of consolidation

##### i) Holding company and subsidiaries :

The interim condensed consolidated financial statements comprise the financial statements of Gammon Infrastructure Projects Limited ("the Company") and its Subsidiary companies (the Company and its subsidiaries are hereinafter referred to as the "Group"). The interim condensed consolidated financial statements has been prepared on the following basis:

The interim condensed financial statements of the Company and its subsidiary companies have been combined on a line by line basis by adding the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances, intra-group transactions and unrealized profits or losses as per Accounting Standard - 21 ('AS-21') "Consolidated Financial Statements" notified under the Companies (Accounting Standards) Rules, 2006.

The interim condensed consolidated financial statements have been prepared using uniform policies for like transactions and other events in similar circumstances and are presented to the extent possible in the same manner as the Company's separate financial statements.

The interim condensed financial statements of the entities used for consolidation are drawn upto the same reporting date as that of the Company ie. June 30, 2014

The excess of cost of investments on the date of acquisition of the Group over its share of equity in the subsidiary is recognised as goodwill. The excess of share of equity of subsidiary over the cost of investments on the date of acquisition is recognised as capital reserve.

##### ii) Interest in joint venture companies :

The Group's interest in the joint ventures, in the nature of jointly controlled entities are included in these consolidated financial statements using the proportionate consolidation method as per the Accounting Standard - 27 ('AS-27') "Financial Reporting of Interests in Joint Ventures" notified under the Companies (Accounting Standards) Rules, 2006 (as amended). The Group combines its share of each of the assets, liabilities, income and expenses of the joint venture with similar items, on a line by line basis.

##### iii) Investments in associate companies :

Investments in associate companies are accounted under the equity method as per the Accounting Standard - 23 ('AS-23') "Accounting for Investments in Associates in Consolidated Financial Statements" notified under the Companies (Accounting Standards) Rules, 2006 (as amended).

Under the equity method, the investment in associates is carried in the balance sheet at cost plus post acquisition changes in the Group's share of net assets of the associate. The statement of profit and loss reflects the Group's share of the results of operations of the associates.

- iv) The Build, Operate and Transfer (BOT)/Design, Build, Finance, Operate and Transfer (DBFOT) contracts are governed by service concession agreements with government authorities (grantor). Under these agreements, the operator does not own the road, but gets "toll / annuity collection rights" against the construction services rendered. Since the construction revenue earned by the operator is considered as exchanged with the grantor against toll collection rights, profit from such contracts is considered as realised.

Accordingly, BOT/DBFOT contracts awarded to group companies (operator), where work is subcontracted to fellow subsidiaries/ holding companies, the intra group transactions on BOT/DBFOT contracts and the profits arising thereon are taken as realised and not eliminated.

- v) Minority interest in the net assets of consolidated subsidiaries is identified and presented in the consolidated balance sheet separately from liabilities and equity of the company's shareholders. Minority interest in the net assets of consolidated subsidiaries consists of:
- a) The amount of equity attributed to minority at the date on which investment in a subsidiary relationship came into existence.
- b) The minority share of movement in equity since the date parent subsidiary relationship came into existence.
- vi) Minority interest share of net profit/(loss) of consolidated subsidiaries for the year is identified and adjusted against the profit after tax of the group.

## 5 Use of estimates

The preparation of interim condensed consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

## 6 Other notes

- a During the period, a subsidiary has received from National Highways Authority of India (NHAI) bonus of Rs. 673,444,444 which has been accounted as income from operations along with related expenditure.
- b Pravara Renewable Energy Limited, a wholly owned subsidiary of the Company had filed a petition in the Hon. Bombay High Court for approval of the Scheme for its merger with the Company, has since been withdrawn.
- c During the period, two subsidiaries namely Birmitrapur Barkote Highway Private Limited and Yamunanagar Panchkula Highway Private Limited have terminated the contracts with NHAI on mutually acceptable terms primarily due to non-availability of Right of Way to the site and Environment and Forest clearances. The exceptional items disclosed above represents the write off of the expenditure incurred on these two projects.
- d During the period, the Mormugao Port Trust (MPT) has unilaterally sought to terminate with a subsidiary the Concession Agreement for the project citing non-compliance with certain terms of the concession agreement. MPT also encashed the bid security bank guarantee for Rs. 20,000,000 despite the stay order issued by the Hon. District Court, Goa. The Court has also passed stay order from carrying into effect the termination of the agreement. The subsidiary has taken further action in the matter including contempt petition. The Group's exposure towards the project is Rs. 55,728,785. Pending outcome of the legal proceedings, no adjustments have been made to the interim condensed consolidated financial statements. The management believes that it has a strong case in this matter.
- e As at June 30, 2014, the current liabilities exceed current assets by Rs. 6,697,582,808 (December 31, 2013 - Rs. 6,089,713,519). The Group is taking various steps to meet its commitments, both, short term and long term in nature. The Group intends to monetise some of its mature assets, securitise some of its future receivables and raise funds through proposed equity offering through Qualified Institutional Placement. Based on detailed evaluation of the current situation, plans formulated and active discussions underway with various stakeholders, management is confident that the going concern assumption and the carrying values of the assets and liabilities in these interim condensed consolidated financial statements are appropriate.
- f One of the subsidiary company, had initiated correspondence with NHAI towards closure of its project on mutually acceptable terms primarily due to non-availability of Right of Way to the site and Forest clearances. In a recent meeting, NHAI has requested for evaluating various alternatives for the project. Contingent upon outcome of the discussions on compensation within the scope of concession agreement with NHAI and responses of the management, there might be review/reworking on the project parameters. The Group's exposure to this project includes project expenses of Rs. 693,560,891 and Guarantees of Rs. 564,600,000. Pending conclusion of the matter, no liability therefore has been provided in the accounts towards closure of the project. The statutory auditors have modified their conclusion on this matter in their review report dated August 13, 2014 on the Interim condensed consolidated financial statements prepared for the purposes of the proposed equity offering through Qualified Institutional Placement.

- g During the period, the Greater Cochin Development Authority has sought to end/obstruct the toll collection by a subsidiary by unilaterally sealing the toll booth. The subsidiary believes it has the right to collect toll at the bridge till April 27, 2020. Further necessary legal recourse is being initiated. The Group's exposure includes trade receivables of Rs. 178,712,578, unamortised project costs of Rs. 84,261,810 and corporate guarantee of Rs. 101,250,000. Pending outcome of the legal proceeding, no adjustments have been made in the interim condensed consolidated financial statements. The management believes that it has a strong case in this matter.
- h During the period, one of the subsidiaries which has a license to develop a hydro power project in Himachal Pradesh has initiated correspondence with the State Government for exiting from the project primarily due to inability of the state government in resolving the local agitations related to environmental issues because of which the subsidiary was forced to stop its geological studies at the project site. The subsidiary has paid an upfront premium of Rs. 528,525,000 to the State Government and the Group's exposure towards the project excluding the upfront premium is Rs. 143,740,638. The subsidiary has lodged a claim against the amounts spent on the project till date. The management believes that it has a strong case in this matter.
- i One of the subsidiary has unabsorbed depreciation as per tax returns which is available for set off against taxable income. The subsidiary has recognised the deferred tax asset credit estimating its future taxable income on the basis of the actual traffic plying on the road during the balance period of the Concession which satisfies the test of virtual certainty supported by convincing evidence for recognising the deferred tax asset on the unabsorbed depreciation as per the tax returns. The subsidiary had obtained an independent expert's opinion about the satisfaction of the convincing evidence as required by Accounting Standard (AS) - 22 on Accounting for taxes on income. The deferred tax asset recognised amounts to Rs. 345,486,267 (December 2013 - Rs 345,486,267) on the unabsorbed depreciation as per the tax returns available for set off from future taxable income. During the period following the principle of prudence the subsidiary has not recognised further deferred tax asset on the unabsorbed depreciation.
- j The Central Board of Direct Taxes (CBDT), vide circular no. 09/2014 dated 23rd April 2014, has clarified that the cost of construction on development of infrastructure facility of roads/ highways under BOT projects is allowable as a deduction by amortizing and claiming the same as allowable business expenditure under the Act. The amortization allowable is to be computed at the rate, which ensures that the whole of the cost incurred on creation of infrastructural facility of road/ highways is amortized evenly over the period of concessionaire agreement after excluding the time taken for creation of such facility. Due to this, during the period, two subsidiaries, has recognised the deferred tax asset amounting to Rs 159,779,451 (December 2013 - Deferred Tax Liability Rs 6,309,724) based on reasonable certainty.
- k During the period, expenses on construction activity and developer fees incurred by the operator on the project with the Group were considered as exchanged with the grantor against toll collection / annuity rights from such agreements and therefore the revenue from such contracts were considered realised by the Group and not eliminated for consolidation under AS-21 Consolidated Financial Statements. The revenue during the period from such contracts are not eliminated to the extent of Rs. 157,380,655 (June 30, 2013 - Rs. 288,701,958).
- l Pursuant to supplementary agreement dated December 23, 2011 with the co-venturer in one of the joint venture company, the Company is liable to bear and discharge all financial obligation and contribution in relation to the said joint venture. Hence the entire loss of the joint venture has been absorbed by the Group.
- m One of the subsidiary undertaking the bridge project in Rajahmundry is in the process of getting its loan restructured with its lenders. The aggregate amount of such facilities is Rs. 6,800,000,000 of which Rs. 5,479,178,621 is outstanding as at June 30, 2014. Further some of the SPVs undertaking a toll road project, a renewable co-generation power project and an offshore container terminal berth project have submitted/are in the process of submission of revalidating/rescheduling proposal with their respective lenders.

## 7 Contingent liabilities

Group's share in contingent liability not provided for in the books of accounts.

Particulars	As at June 30, 2014	As at December 31, 2013
Income tax matters (refer note (a) below)	765,156,279	764,913,874
Disputed statutory liabilities (refer note (b) below)	177,699,900	177,699,900
Claims against group not acknowledged as debt (refer note (c) below)	138,050,699	113,129,410
Counter guarantees given to the bankers	3,844,177,191	3,748,060,200
<b>Total</b>	<b>4,925,084,069</b>	<b>4,803,803,384</b>

- a Some of the subsidiaries of the Group has received block assessment orders raising demand u/s 143(3) read with section 153(A) of the Income Tax Act, 1961 for assessment years from 2005-06 to 2011-12 totalling to Rs. 765,156,279 (December 2013 - Rs. 764,913,874). The subsidiaries of the Group are of the view that the said Orders are unjustified and unsustainable and hence is filing appeals against the said assessment Orders with the Commissioner of Income-Tax (Appeals). The subsidiaries of the Group has preferred an appeal against these orders and believes that no liability will ultimately result from these and accordingly no provision has been made in these financial statements in respect of these amounts.
- b An amount of Rs 177,699,900 (December 2013 - Rs. 177,699,900) claimed by the collector and district registrar, Rajahmundry, pursuant to and Order dated March 15, 2005, as deficit stamp duty payable on the concession agreement entered into between a subsidiary of the Group and NHAI, classifying the concession agreement as a 'lease' under Article 31(d) of the Indian Stamp Act. The subsidiary has impugned the Order by way of a writ petition before the High Court of Andhra Pradesh at Hyderabad. No provision is considered necessary in respect of the said demand, as the management of the subsidiary believes that there is no contravention of the Indian Stamp Act.
- c Claims against the SPVs of the group not acknowledged as debt includes:
- i. A winding up petition against a subsidiary of the Group, has been filed by a creditor for recovery of Rs.14,140,343 (December 2013 - Rs 14,140,343). The subsidiary is disputing the said amount and has recognised Rs.1,685,168 payable as there are claims and counter claims by both parties. Pending the final outcome of such proceeding, the claim from the creditor is disclosed as a contingent liability. The management of the said is of the view that the same would be settled and does not expect any additional liabilities towards the same.
- ii. There is a demand towards Stamp Duty amounting to Rs. 10,319,700 (December 2013 - Nil) which is before the the Controller of Stamps office. The Company believes that it has a good case to succeed in this matter and accordingly no provision is required for the same .
